Subject: DEC fuel case (Docket No. 2014-3-E) - request to file supplemental testimony
Attachments: 2014-3-E - DEC SC Fuel - Duncan Supplemental Testi.pdf

David:

I am addressing this request to you in your capacity as Standing Hearing Officer. Attached is supplemental testimony of Bob Duncan that we propose to file in the DEC fuel case. The testimony addresses NRC action relating to an outage at Oconee Unit 1 in late 2013. The NRC held a regulatory conference relating to the event on July 31, 2014 and yesterday issued its final notice of significance on the outage. The testimony addresses the conference, the result and the event itself.

We have provided ORS and the intervenors with the proposed testimony and asked them if they have any objection to our filing it now. All of them very promptly replied and no one had an objection. (And we appreciate their courtesy very much.)

I am requesting guidance from you as to how we should proceed. If you can make the decision, and agree that we should be allowed to file it, then we will proceed to file it immediately. If you prefer for us to file a motion with the Commission to be allowed to file it we will do that.

Thank you for your attention to our request.

Frank
